19-04(06)/2025-IIMK.RES

Students from premier higher education institutes are invited to apply for a Research Internship at IIM Kozhikode, open throughout the calendar year. The internships are for a tenure of up to six months (minimum of 30 days). Academically motivated students may email or contact the IIMK faculty member directly (except faculty members who have requested to be placed on a "do not contact" list for this purpose). Applicants must submit their curriculum vitae and a letter of recommendation from the Head of Department (HoD) of their institute (or equivalent) to the faculty member for evaluation, clearly stating the approved duration of the internship. Faculty members who are willing to use the opportunity will select the interns based on the applications they directly receive and will then notify the IIMK Research Office.

Selected candidates are eligible for a monthly allowance up to ₹10,000, disbursed on a pro-rata basis. Free on-campus accommodation may be provided during April and May, subject to availability only. If accommodation is not available in the hostel, interns will be required to arrange their stay outside the campus. On successful completion of the research internship, interns will be issued a certificate signed by the faculty mentor and chairperson of research.

Any queries may be directed to the IIMK Research Office's official email address: [research@iimk.ac.in](mailto:research@iimk.ac.in)
