# ABOUT IIMK

**Indian Institute of Management Kozhikode (IIMK)** is one of India's premier business schools, renowned for its academic excellence, innovation, diversity and commitment to shaping responsible leaders for the future. Established in **1996**, IIMK has consistently ranked among the top management institutions in the country and is globally recognized for its cutting-edge curriculum, distinguished faculty, diversity, and vibrant campus life.

Nestled in the scenic hills of Kozhikode, Kerala, the **112-acre** state-of-the-art campus offers a blend of academic rigor and serene beauty, fostering a truly unique learning environment. IIMK has been at the forefront of adopting digital education methods and was among the early IIMs to offer interactive learning programmes for working professionals across India. The institute continues to push boundaries through a diverse portfolio of postgraduate, doctoral, and executive education programmes.

With a strong focus on innovation, inclusion, and impact, IIM Kozhikode is committed to nurturing ethical leaders who can address global challenges with empathy and excellence. Its rich culture of collaboration, research, and critical thinking makes it a hub for thought leadership and societal transformation.

## DIRECTOR'S MESSAGE

The world is being reshaped by technological disruption, economic shifts, and changing societal expectations. More than ever, organizations need leaders who can combine strategic foresight with human-centred decision-making. At IIM Kozhikode, we are committed to developing such leaders. The Business Leadership Programme at IIMK, helps experienced professionals broaden their perspectives, strengthen their leadership capabilities, and lead with purpose. Our graduates are equipped to navigate complexity, drive transformation, and create sustainable value in an interconnected world.

**Prof. Debashis Chatterjee**  
Director, IIM Kozhikode

## DEAN'S MESSAGE

**Prof. Anandakuttan B  
Unnithan**  
Dean (Programmes),  
IIM Kozhikode

In the emerging world where machines increasingly outperform humans in routine and conventional tasks, the hope lies in the brilliance of minds. Innovation, Creativity, Wisdom, and Imagination matter. We overcome this situation by nurturing a value system that harmoniously integrates human ingenuity with machine intelligence and technological advancement.

More than access to knowledge and information, the success of humanity will depend on the wisdom to use them meaningfully and responsibly. We aim to develop men and women of such wisdom - individuals committed to continuous self-transformation and the pursuit of becoming better human beings. While survival in the natural world is often described as the triumph of the fittest, humanity has endured and flourished through compassion, love, empathy, and trust. These values distinguish humanity from brutality and affirm that coexistence is far more enduring than competition.

The future will continue to demand the very human qualities that have sustained civilisation through the ages. As machines assume a greater role in our lives, these traits will become even more essential. It is in this context that IIM Kozhikode redefines leadership - committed to nurturing compassionate, talented, and intellectually curious individuals who are prepared to meet the challenges of an uncertain future.

I believe our students are trained and empowered to navigate dynamic change with confidence. They are conscious of the complexities of a competitive world and equipped with the wisdom, adaptability, and values required to lead with purpose and impact.

# CHAIRPERSON'S MESSAGE

**Prof. Ankur Jain**

Chairperson - CARE

Corporate, Access, Readiness & Engagement,  
IIM Kozhikode

When students enter the hallowed corridors of IIM Kozhikode, I often see dreams in their eyes. The dream to make an impact, the dream to make it big. Over the course of their journey here, they are challenged to think critically and develop the skills and perspectives needed to navigate an increasingly complex world. As an institution, we work closely with our students to help them prepare themselves for leadership roles across industries and functions. Our objective is not merely to help them secure jobs, but to enable them to build fulfilling careers.

We invite you to join us in this journey. Our students bring not only competence and commitment, but also fresh perspectives and a willingness to learn and contribute from day one. I am confident they will create value for your organization and grow alongside it. We are committed to facilitating a strategic fit between your talent requirements and the capabilities of our students.

We recognize that recruiters are more than hiring partners. You are leaders that our students look up to and aspire to learn from. We look forward to strengthening our partnership with you and building a long-term relationship founded on mutual respect and shared success.

# ALUMNI TESTIMONIALS

## PRASHASTI VARSHNEY

*IIMK PGPBL (2020-21)  
Tech Strategy Manager  
Schneider Electric*

Being part of the founding batch of IIM Kozhikode's PGP-BL was truly transformative. As a Student Council member, I helped shape student life from scratch, building processes & structures alongside peers and faculty. The lessons beyond the classroom - leadership, collaboration, & networking were as impactful as academics.

What made the journey unforgettable were the late-night study sessions, serene hilltop walks, and inspiring professors. IIMK gave me more than an MBA - it gave me growth, purpose, and a lifelong community.

## SACHIN AHUJA

*IIMK PGPBL (2022-23)  
Founding Member, Head of  
Operations  
Next Bharat Ventures  
(Suzuki's Impact Fund)*

Leaving a 12-year corporate career, my wife, and two young children for PGP-BL was the toughest decision. The emotional and financial weights made the early weeks overwhelming. But a sharp, diverse cohort and the campus energy turned challenges into growth.

I chose Venture Capital to build something new. Winning a gold medal proved that age is just a number and affirmed my place among bright young professionals. Today, working with founders driving impact across India, PGPBL was a life-changing journey that shaped me to grow, adapt, and lead anywhere.

## KARTHIK MURALI

*IIMK PGPBL (2022-23)  
Associate Manager - Management Consulting  
Supply Chain Operations  
Accenture Strategy, and Consulting*

IIMK's PGP-BL is a high-rigor, one-year MBA that transforms industry professionals into resilient leaders, ready to deliver results in high-pressure, fast-paced environments. Graduates return to the industry equipped to lead high-skill teams and solve complex challenges.

The SDA Bocconi international immersion broadens perspectives, while clubs and committees sharpen skills in managing conflicting priorities. PGP-BL uniquely prepares professionals for real-world leadership like no other program.

## APOORVA CHATURVEDI

*IIMK PGPBL (2023-24)  
Global Process Manager  
Google*

The PGP-BL programme was a defining phase in my professional and personal growth. Even with six years of experience, it reshaped how I solve problems, manage stakeholders, and make decisions with clarity. It pushed me to 'unlearn' and 'relearn' daily, vital in today's complex business world.

As a CA and finance professional, I gained a holistic view of how businesses operate, enriched by a diverse cohort and exceptional faculty. IIM-K's emphasis on reflection and collaboration helped me uncover untapped strengths, making this journey truly transformative. It has been very instrumental in shaping the person I continue to become.

## SRUTHI GUDURU

*IIMK PGPBL (2021-22)  
Senior Programme Manager  
Amazon*

PGPBL was more than just an MBA program; it was what truly built me as a person. A year filled with great professors, an exceptional cohort, and experiences that constantly challenged my limits, unconscious biases, and belief systems. The course brought together a diverse cohort to buckle their intellects through jam-packed classes, group assignments, simulations, case studies, etc. BL is a niche of its own.

PGPBL reshaped my professional and personal paths in ways that will forever carry a significant impact throughout my life. BL was a once-in-a-lifetime blessing, and it was worth every small effort and every second at IIMK.

## RAUNAK GUPTA

*IIMK PGPBL (2025-26)  
Assistant Vice President  
Axis Bank Limited*

IIM Kozhikode played a pivotal role in shaping me into a versatile, future-ready professional. Building on my background as a Chartered Accountant, the PGP-BL programme broadened my business perspective through rigorous academics, experiential learning, interactions with a diverse cohort, and guidance from distinguished faculty members. My involvement with the Placement Committee strengthened my leadership, stakeholder management, and execution capabilities while providing insights into evolving recruiter expectations.

Being awarded the Gold Medal for All-Round Excellence was a memorable milestone that reaffirmed the importance of embracing every opportunity to learn, lead, and contribute.

# ABOUT PGP-BL

The Post Graduate Programme in Business Leadership (PGP-BL) at IIM Kozhikode is a flagship one-year, full-time residential MBA designed for experienced professionals with demonstrated leadership potential. The program is structured to build future-ready leaders who can navigate complex business challenges, drive transformation, and lead with vision in a global context.

## Admission Criteria

To be eligible for the programme,

1. Candidates must hold a Bachelor's degree or higher (including professional qualifications like CA, ICWA, or CS) with a minimum of 50% marks or equivalent CGPA.
2. Applicants must also have 4+ years of full-time, post-graduation professional experience, excluding internships or part-time roles.
3. A valid GMAT, GRE, or CAT score (taken within the last three years) is required for admission.

## International Immersion

A highlight of the PGP-BL program is the International Immersion Module, which provides participants with a two-week exposure to a premier business school in Europe or North America. This global immersion combines advanced academic sessions with industry visits, intercultural engagement, and immersive learning to enhance international business understanding and leadership perspective.

The academic curriculum is both comprehensive and future-focused. It covers all fundamental business domains with intensive coursework in areas such as:

- **Finance & Accounting:** Corporate Finance, Reporting & Analysis, Investment Management
- **Marketing & Strategy:** Marketing, Consumer Behaviour, Corporate Strategy
- **Operations & Decision Sciences:** Operations & Supply Chain Management, Business Analytics
- **Organisational Behaviour & HR:** Leadership, Negotiation & Conflict Resolution in a new era
- **Economics & Public Policy:** Managerial Economics, Macroeconomics, Global Commons Negotiations

In addition to core areas, PGP-BL integrates a curated suite of relevant electives that reflect evolving industry needs and leadership demands, such as:

- **Digital & Tech-Focused Courses:** AI & Analytics, Machine Learning, MLOps
- **Product & Strategy:** Product Management, Product Thinking, Data Visualisation & Storytelling
- **Global & Responsible Leadership:** Geo-economics, Cross-cultural Strategy

Through a mix of immersive learning, international exposure, and executive mentoring, PGP-BL delivers a transformative experience for professionals aiming to accelerate their careers and make a meaningful impact in the business world.
